

HEALTHCARE SAFETYZONE®

Flex-Fit™ Reporting

SNAPSHOT: FQHCs

The Healthcare SafetyZone® Patient Safety & Risk Management Reporting System is a game-changer for FQHCs. In an era where patient access and primary care are increasingly important, our intelligent Flex-Fit™ platform is built to facilitate enterprise-wide learning and safer, more reliable healthcare delivery.

ENTERPRISE-WIDE LEARNING DRIVES INTERVENTIONS THAT MEANINGFULLY IMPACT YOUR TOTAL SAFETY PICTURE... AND THAT HELPS YOUR BOTTOM LINE.

MEDICATIONS & VACCINES

Data analysis reveals trend in errors, RCA leads to new process

INFECTION CONTROL & NEEDLE STICKS

Noted uptick in employee injuries leads to purchase of new safety needles across all centers

COMPLAINTS
