Clarity Group, Inc. announces a 3 part webinar on Evidence Based Care, its legal implications and its role in Healthcare Reform

Chicago, IL (Vocus) September 8, 2010 -- Clarity Group, Inc., a leading healthcare resource specializing in integrated risk/quality/safety systems and captive insurance company development and management, announced today a 3 part Webinar series focused on Evidence Based Care. The series will give clinicians and administrators an overview of what is Evidence Based Care, the legal implications and ways to integrate Evidence Based Care into daily practice. "We continue to see more and more healthcare reform initiatives conditioning reimbursement or participation on adoption of evidence based practices as a way to contribute to the promotion of the best and safest care for all patients," stated Ellen Flynn, RN, MBA, JD, VP, Risk-Quality-Safety Consulting Services and Executive Director, Clarity PSO. "This webinar series creates a solid foundation for providers and administrators to better understand Evidence Based Care, its legal implications and its assimilation into practice. We are pleased to have a nationally recognized panel of presenters working with us on this series and believe they will provide participants valuable information on this emerging area," continued Ms. Flynn.
